

Cool Master

AIR COOLERS – MISTING FANS /SOLUTIONS
ADVANCED IDEC MULTI-STAGE EVAPO COOLING
ENERGY • EFFICIENCY • PLEASANT

www.coolmaster.ae

CM – 8000

- Max Air flow: 8000m³/h
- Voltage: 220-280V
- Frequency: 50Hz
- Input Power: 550 w
- Fan Type: Axial
- Fan speed: 3 speeds
- Cooling Area: 30-50m²
- Water Consumption: 70L/h
- Overall size : 1120X720X1500mm
- Swing: Auto function, left to right
- Manual fill or direct water connect.

 Delivers filtered, Fresh and Cool Air

 Use it Outdoor, Restaurants and houses suitable

 Low Power consumption

CM - 23000

Available for Rent

- Max Air flow: 23000m³/h
- Voltage: 220-240V
- Frequency: 50Hz
- Input Power: 1100w
- Overall size: 1120 x 720 x 1750 mm
- Fan Type: Axial
- Fan speed: 3 speeds
- Water tank capacity: 126L
- Water consumption: 15-20L/h
- Swing: Auto function, left to right

 Delivers filtered, Fresh and Cool Air

 Use it Outdoor, Factories and warehouses suitable

 Low Power consumption

CM - 8000X

Available for Rent

- Max Air flow: 8000m³/h
- Voltage: 220-240V
- Frequency: 50Hz
- Fan type: Axial
- Fan speed: 3 speeds
- Input Power: 360w
- Water tank capacity: 100L
- Water Consumption: 6-10L/h
- Overall size : 1400X850X470mm
- Swing: Auto function, left to right

Delivers filtered, Fresh and Cool Air

Use it Outdoor, Restaurants and houses suitable

Low Power consumption

CM - 12000

Available for Rent

- Max Air flow: 12000m³/h
- Voltage: 220-240V
- Frequency: 50Hz
- Input Power: 440 w
- Fan Type: Axial
- Fan Speed: 3 speeds
- Water tank capacity: 70L
- Water Consumption: 8-10L/h
- Overall size : 900x600x1430mm
- Swing: Auto function, left to right

Delivers filtered, Fresh and Cool Air

Use it Outdoor, Restaurants and houses suitable

Low Power consumption

CM - 18000

Available for Rent

- Max Air flow: 18000m³/h
- Voltage: 220-240V
- Frequency: 50Hz
- Input Power: 750 w
- Fan Type: Axial
- Fan speed: 3 speeds
- Water tank capacity: 100L
- Water Consumption: 10-15L/h
- Overall size : 1120X720X1500mm
- Swing: Auto function, left to right

Delivers filtered, Fresh and Cool Air

Use it Outdoor, Factories and warehouses suitable

Low Power consumption

CM - 9000

- Max Air flow: 9000m³/h
- Voltage: 220-240V
- Frequency: 50Hz
- Fan type: Axial
- Fan speed: 3 speeds
- Input Power: 400w
- Water tank capacity: 55L
- Water Consumption: 6-10L/h
- Overall size : 870X480X1380mm
- Swing: Auto function, left to right

Delivers filtered, Fresh and Cool Air

Use it Outdoor, Restaurants and houses suitable

Low Power consumption

CM - 8000B

- Max Air flow: 8000m3/h
- Voltage: 220-240V
- Frequency: 50Hz
- Fan type: Axial
- Fan speed: 3 speeds
- Input Power: 380w
- Water tank capacity: 60L
- Water Consumption: 6-10L/h
- Overall size : 1290X810X490mm
- Swing: Auto function, left to right

Delivers filtered, Fresh and Cool Air

Use it Outdoor, Restaurants and houses suitable

Low Power consumption

CM - 8000

Available for Rent

- Max Air flow: 8000m3/h
- Voltage: 220-240V
- Frequency: 50Hz
- Power: 300w
- Fan type: Axial
- Fan speed: 3 speeds
- Water tank Capacity: 70L
- Water consumption: 6-10L/h
- Overall size : 1400x850x470mm
- Swing: Auto function, left to right

Delivers filtered, Fresh and Cool Air

Use it Outdoor, Restaurants and houses suitable

Low Power consumption

CM - 7000

- Max Air flow: 7000m3/h
- Input Power: 290W
- Fan Speed: 3 speeds
- Water tank capacity: 70L

CM - 6000

- Max Air flow: 6000m3/h
- Fan speed: 2 speeds
- Input Power: 250w
- Water tank capacity: 60L

Delivers filtered, Fresh and Cool Air

Use it Outdoor, Restaurants and houses suitable

Low Power consumption

Misting fan - 26

- Fan size: 26"(650mm).
- Power: 230W
- Speed: 3 Speeds Adjustable.
- Fan motor protection: Water drop proof.
- Water tank: 30 liters unbreakable plastic tank.
- Continuance misting: 8 hours.
- Coverage distance: 8m.

Available for Rent

Delivers filtered, Fresh and Cool Air

Use it Outdoor, Restaurants and houses suitable

Low Power consumption
